RUSSIA MAY NOW PROPOSE PEACE

Will Obtain the Best Terms of Settlement Possible.

JAPANESE OCCUPY CHANG TU

Mikado's Men Still Pursuing Russians and Report that Czar's Army is in a Disorderly Retreat Along the Railroad—Other War News.

St. Petersburg, March 23.—6:05 p.m.—The ministers and supporters of the court who advocate the submission of pacific proposals to Japan as previously set forth in these dispatches, so as to ascertain whether an honorable basis of peace is possible, believe they have carried the day and the Associated Press hears on high authority that an actual step is imminent if not already taken.

Tokio, March 23.—Noon.—An official dispatch from the Japanese army headquarters says:

Our detachment pursuing the ene-

my entered Chang Tu on March 24 at 2:30 p.m.

A large body of the enemy, in disorder, is retreating toward the northeast, along the line of the railway.

A part of the enemy's cavalry was halted at a point within 2 miles north of Chang Tu.

News From St. Petersburg.

St. Petersburg, March 24.—General Linovitch telegraphed under date of March 22 that he had no news of any encounters of the Japanese on March 21.

An internal loan of \$100,000,000 was signed today. The price of issue is 85, and the bonds are redeemable in 50 years.

One of the best signs of the times is the announcement today that in a fortnight the minister of public instruction will undertake the elaboration of a plan for a compulsory system of primary education. Representatives of the schools in the principal cities are invited to participate in the drawing up of the plan.

CHARGED WITH AWFUL CRIME.

Rego "Voodoo" Doctor on Trial for Brutally Killing a White Child.

New York, March 24.—King Ben Rego, a negro of African descent, has been placed on trial under the charge made some months ago of killing a white child 18 months old, cables The Associated Press.

The child's body was found at Guaymas, Mexico, horribly mutilated and with the heart removed. Charges were made that Rego posed as a "voodoo" doctor and that when an old negro consulted him for treatment he advised that her only remedy was to eat the heart of a white person.

Kidnaping of the child victim is alleged to have followed. A dozen negroes were arrested on charges of being accessories to the crime.

According to the great fear in which the "voodoo" doctors are held, there has been great difficulty thus far in obtaining testimony. The case is at present much interest in Havana.

DOUBLE HANGING AT PITTSBURG

Two Murderers Pay the Penalty of for Their Crime on Scaffold.

Pittsburg, Pa., March 24.—Two men were hanged here today and the first unsuccessful hanging was recorded in Allegheny county.

Reno Darda went to the scaffold first and his neck was broken. William J. Biers followed him and when the trap was sprung the loop of the noose pulled apart, precipitating him to the ground. For about a minute he staggered around under the scaffold and then Sheriff Dickson caught him and removing the noose and black cap carried him into the jail. He was not badly hurt. The rope was again adjusted and Biers, pale and trembling, was again placed on the scaffold and the trap sprung. This time there was no mishap, and death resulted from strangulation.

Biers was convicted on his own confession of the killing of August J. Layton, at Turtle Creek, Pa. Darda killed James Sinclair at Imperial, Pa.

SHAW VISITS NEW YORK.

Secretary of Treasury is in Gotham on Official Business.

New York, March 24.—Secretary of the treasury Shaw has visited this city and together with Senator Allison, of Iowa, consulted with local interests, it is said, concerning proposals connected with suggested tariff revisions to be considered by a special session of congress in the fall. Senator Allison, who is ranking member of the senate finance committee in the absence abroad of the chairman, Senator Aldrich, has been here since Monday, conferring with representatives of various trades as to possible efforts of reductions in schedules affecting their products.

Senator Allison would not discuss the trades to be affected, but it is intimated by The Herald that in order to make up the deficiency in revenue through reduction of certain tariffs schedules several of the least obnoxious of the internal revenue taxes imposed during the war with Spain may be revived.

SHIPS FOR DRUNKARDS.

Novel Way of Treating Alcoholic Patients Advocated By Physician.

Chicago, March 24.—Hospital ships for habitual drunkards, to be anchored in a safely isolated part of the harbor is the scheme proposed by Dr. C. L. Mix, expert in the treatment of alcoholic patients, in a lecture before the social science class in the fine arts building. Dr. Mix discussed the subject of a cure for inebriates calling the present system of throwing drunkards indiscriminately into the Bridewell "archaic."

An habitual drunkard is a diseased man, said Dr. Mix, and he should be looked after with a medical eye.

The first thing to do is to withdraw the poison, then take care of the reactionary symptoms. The physical damage on the stomach, liver and kidneys must be repaired. After this, comes the year or so of convalescence and the patient should have an education of the evils of alcoholism.

Christian Scientists Let Man Die.

New York, March 24.—An inquest by the coroner has begun into the death of William Nunn, a resident of Brooklyn, who died recently from a fractured skull in a fall. Nunn was treated by Christian Science methods until the matter came to the attention of the authorities. Nunn's condition was then hopeless, however, and he died in a few days. A physician, who examined Nunn, testified that Nunn had been subjected to the Christian Science treatment for six weeks, despite the fact that with ordinary medical treatment he would have recovered in a short time. The hearing was not concluded.

John W. Gates in Mississippi.

Jackson, Miss., March 24.—John W. Gates, the well known millionaire, who spent a short while in the city last night, stated publicly that he was not now interested in any deals of any character. Mr. Gates stated that he was not engaged in any active business enterprises at present and is paying no attention to the stock market.

VENEZUELA WILL PAY BONDHOLDERS

Agreement Made With Foreigners Who Own Securities.

SHE MUST RESPECT FOREIGNERS

While England and Germany Seem To Be Satisfied, France is of the Opinion that Venezuela Will Have To Be Taught a Lesson in Diplomacy.

London, March 24.—The Associated Press learned today at the office of the counsel of the foreign bondholders that the agreement between the Venezuelan government and the British and German bondholders adjusting and consolidating the exterior debt, about \$23,000,000, has already been signed by the representatives of Venezuela and the Great Britain bondholders. The agreement is now on its way to London for the signature of the representatives of the British bondholders.

With reference to a dispatch from Washington reporting that objection was raised to the agreement, Secretary Cooper, of the counsel for the foreign bondholders, said he considers the article 6 of the Washington protocol of 1893 absolutely justified and adds:

"During the negotiation we found President Castro to be perfectly businesslike and animated by a desire to effect a settlement."

Mr. Cooper pointed out, however, that the signing of the agreement was only a step toward settlement, since the document contains clauses relative to other subjects, the provisions which it was desired to keep secret, but which, he said, must first be fulfilled before a settlement with the Anglo-German bondholders can become an accomplished fact.

Situation in France.

Paris, March 24.—In the course of Ambassador Porter's weekly visit to the foreign office today he conferred with Foreign Minister Delcasse, relative to the Franco-Venezuelan situation and it was disclosed that the French minister considers that the emergency of the situation has been entirely relieved as a result of the indefinite postponement of the decision of the Caracas court in the case of the French Cable company. The future course is expected to be slow, owing to the necessity for carrying the negotiations by mail.

The authorities here share the belief concerning the hopelessness of the present regime in Venezuela, and are inclined to the view that sooner or later some united means may have to be taken to ensure respect for foreign interests in Venezuela.

'FRISCO SEEKS ATLANTIC PORT.

Great Railroad System Will Build a Line to Seaboard.

New York, March 24.—In connection with the formation of a syndicate to carry through the 240-mile extension to the Atlantic and Birmingham Railway from Montezuma, Ga., to Birmingham, Ala., making a through line from Brunswick, on the Atlantic coast to Birmingham, a director of the road has denied the report that the 'Frisco interests, represented by H. F. Yoakum, had secured control of the road.

It will be recalled that before the purchase of the 'Frisco, a Rock Island director said that the road would never rest until it had "dipped its nose in the Atlantic ocean."

This ambition was supposed to lie behind the 'Frisco's acquisition of "a voice" in the Seaboard Air Line, a step which was later, partially, at least, retraced.

Treasure Hunter's Ship Sold.

Lima, Peru, March 24.—The Peruvian transport Chalaco proceeded to Panama yesterday taking the officers and crew of the British yacht Veronique, which was engaged in the treasure hunting expedition to Coahuila land. The enterprise, which was headed by Earl FitzWilliam, resulted in disappointment. The Veronique has been purchased by Peru for \$100,000, and will be used as a coasting guard vessel.

FOUR GUILTY OF PEONAGE.

Judge Speer Imposes a Very Heavy Fine on Guilty Parties.

Savannah, Ga., March 24.—William F. Crawley, of Waycross, and Thomas J. McMillan, former sheriff of Ware county, today pleaded guilty before Judge Speer in the United States court on a charge of peonage and were fined \$1,000 each, which was afterwards reduced to \$500 on condition there should be no further violation of the law.

In passing sentence the judge remarked that this was the last time there will be such a light sentence for this crime in his court. He says that there can be no more peonage for debt in his district.

The defendants were charged in four indictments with selling a negro woman against whom no warrant was issued to McRae Bros., for a consideration of \$50. The woman, it was alleged, was advised by the sheriff and attorney that she had been convicted and fined, and served nine months in the McRae convict camp.

George P. Hart and M. H. Cobb, two negro physicians of Waycross were put on trial in the United States court yesterday to answer charges of peonage. Both pleaded guilty, whereupon they were sentenced by Judge Emory Speer to pay a fine of \$1,000 each, \$700 of which is remitted during good behavior.

MONUMENT TO DIXIE WOMEN.

Macon, Ga., Veterans Now Engaged in This Patriotic Work.

Macon, Ga., March 24.—The grizzled veterans of Macon are engaged in the task of erecting a monument in that city to the women of the south who by their love, sacrifice and devotion made possible the heroism of 1861-1865.

As old age creeps on them, the boys of the sixties are now passing away rapidly. It is their hearts' desire to see this work, so long delayed, begun and, at least, the base or pedestal placed in position to receive the monument proper.

They believe that every old soldier who reads this will recall what our women did during the trying period, and will want to contribute something if but a trifle. Every son and grandson of an old soldier, having heard the story of the devotion of the women of the south, will want to contribute.

The idea of erecting this monument in Macon, a little in front of the new city hall and auditorium, originated with the members of R. A. Smith camp United Confederate Veterans.

BOYS ATTACK LITTLE GIRL.

Serious Charge is Made Against Two Youths in Clayton County, Ga.

Jonesboro, Ga., March 24.—Ewell Smith, a young white boy of 16, and Will McGlashan, a negro of about the same age, were lodged in jail here on a charge of having ill-used little Nellie Conkle, a school girl of 11.

It seems that the child, who is a daughter of Mrs. Sallie Conkle, was returning from school, and in passing through a railroad cut just above Lovejoy, met the two boys.

Both of the accused stoutly protest their innocence. The white boy is an orphan, but is related to fairly well-to-do parties in the lower section of Clayton county. The victim of the attack is in an extremely bad condition.

There is no excitement here, and no rumors of any unusual agitation at the scene of the crime.

Great Rush of Immigrants.

New York, March 24.—The spring rush of immigration has almost swamped the government officials at Ellis Island. In the last three days 16,000 immigrants have reached this port. It is feared that Ellis Island will be taxed beyond its capacity during April and May. The steamer capacity on all of the principal steamship lines already is booked many weeks ahead, and the companies are putting on extra steamers to meet the great European exodus. Over 7,000 Russian Hebrews have reached here since the first of the month, but the immigration from Italy leads the list with 18,000. The percentage of Hungarian immigration is also showing a remarkable increase.

BROCKTON MOURNS FOR DEAD CITIZENS

All Business Suspended During Funeral Services.

BUILDINGS DRAPED IN BLACK

Flags Were Flying at Half Mast and the Bands and Drum Corps Played Dirges as the Remains of the Victims Were Laid to Rest.

Brockton, Mass., March 24.—Public funeral services were held today for more than two score of persons who lost their lives last Monday in the explosion and fire which created the greatest calamity in the history of the city and one of the greatest new England has ever known. Twenty thousand of Brockton's inhabitants working in the great shoe factories of the city and all that vast number joined

House Through Which the Boiler Was Blown.

today in the manifestation of sorrow. Sixty factories closed their doors.

Business so far as possible was suspended. Street cars did not run during the funeral services, and the traffic on the streets was almost entirely stopped.

Everywhere flags at half staff and buildings were all draped with long black streamers attested to the presence of a great universal bereavement. Marching bodies of silent men, accompanied by bands and drum corps playing dirges for the dead, evidence of the great sympathy with those left behind by the men and women who went to work Monday morning and never returned to their homes.

During the forenoon the bodies of the fifty-five victims recovered from the factory ruins were placed in caskets. The funeral services were arranged, one at the city theater, another at the Porter Congregational church, the third at St. Paul's Episcopal church.

MISS EVANS STATE'S SPONSOR.

Daughter of General Evans Will Represent Georgia at Reunion.

Savannah, Ga., March 24.—General Peter A. McGlashan, commanding the Georgia Division of United Confederate Veterans, announced that he had appointed Miss Lucy Evans, daughter of General Clement A. Evans, sponsor for the state at the Louisville reunion of veterans.

Miss Leila Scarborough, of Americus, was given the appointment of maid of honor to Miss Evans. Both have accepted.

General McGlashan said he had appointed Colonel W. W. Hulbert, of Atlanta; M. J. Cofer, of Atlanta, and John R. Sheldon, of Savannah, an escort of honor for the sponsor.

Arctic Exploration Ship Launched.

Bucksport, Me., March 24.—Commander Robert E. Peary's Arctic exploration steamship which was launched here today was designed by Naval Architect William H. Vincent, of New York, and it is claimed is the result of all that experience in arctic navigation to this date can suggest. She is considered the strongest in construction, most powerful and best equipped craft for combating the arctic ice ever built. The vessel is described as a three-masted fore and aft schooner-rigged steamship, with auxiliary sail power.

PROSPECTS GOOD FOR BIG CROP

First Movement of Peas of Season
Recorded Friday Afternoon.

THREE SOLID CARLOADS

Of Peas and Lettuce Were Picked Up
on Gainesville & Gulf, Consigned to
Eastern Markets—Prices on All Pro-
ducts Are Good.

The movement of English peas from
the territory traversed by the Gaines-
ville & Gulf railroad has begun, the
first shipments of the season having
been made Friday.

H. E. Williams of the Gainesville &
Gulf, E. C. Cobb of the Seaboard Air
Line and J. P. Kennedy of the Armour
Car Lines made a special trip down the
Gainesville & Gulf to ascertain the
condition of the crop Friday, and
found matters in a most encouraging
state. The crops are largely varied
and promise a most prolific yield, and
the growers as a rule are anticipating
good returns.

Three solid carloads of lettuce and
peas were picked up from points on the
Gainesville & Gulf Friday. One car,
was delivered to the G. S. & F. railroad
at Sampson City, consigned to New
York, while the Seaboard received two
carloads, destined to Eastern markets.

Inasmuch as this is the first shipment
of peas, good prices are expected.
Florida lettuce is bringing \$4 and \$4.50
per basket in the Northern markets
now, and everything else in proportion.

Commencing the coming week the
Gainesville & Gulf will inaugurate a
special service, running extras on Mon-
days and Thursdays, in order to give
the truckers better facilities for get-
ting their products to market.

FUNERAL OF MRS. ENDEL.

Large Crowd of Sorrowing Relatives
and Friends Paid Her Honor.

A large number of relatives and
friends of Mrs. Jacob M. Endel, who
died at her home in this city Wednes-
day night, attended the funeral, which
was held from the home on South Uni-
versity street at 11 o'clock Friday
morning. The services were con-
ducted by Rabbi Wittenburg of Jack-
sonville, and were very impressive.
The interment was in the Jewish cem-
etery, Alachua avenue, and many fol-
lowed the remains to their last resting
place.

There were many floral decorations,
the casket and grave being literally
covered. This was evidence of the
high esteem in which deceased was
held by those who knew her.

THE PASSION PLAY.

Audience Was Small, But Mr. Fowler
Presented a Fine Play.

The Passion Play was presented at
the opera house last night by Mr.
Fowler for the benefit of the athletic
association of East Florida Seminary,
and it is to be regretted that the au-
dience was so limited, since the enter-
tainment was one worthy of a great
deal of encouragement. The lecture
was delivered in a masterly and im-
pressive manner, and was accompanied
by moving pictures illustrating the
play.

During the evening J. A. Goodwin
rendered "The Holy City." He was
accompanied on the piano by Mrs.
Goodwin, and this feature was highly
enjoyed.

A Prominent Visitor.

Among the prominent visitors to this
city is C. W. Morse of Haverhill, Mass.,
president and one of the principal
stockholders of the Gainesville Gas and
Electric Power Company, who is here
on business connected with the com-
pany. Mr. Morse left Boston Satur-
day, and states that the weather was
delightful, being the warmest day of
any period of the same date for thirty-
three years. He came via New York,
and states that the weather in that city
is also fine. There was a heavy rain
the day before his departure from that
city, but the temperature was delight-
ful. Mr. Morse expects to remain here
for several days, as he has important
matters to look after.

Card of Thanks.

J. M. Endel and family and Mrs.
O. Joseph desire to extend their sin-
cere thanks and gratification for the
many kindnesses shown by friends
during their recent hours of bereave-
ment. These courtesies are tokens of
affection, and the family begs to as-
sure their friends that they will ever
be remembered.

Boiler Explosion Kills Negro Girls.

Reynolds, Ga., March 24.—A fatal
boiler explosion occurred on the plan-
tation of F. C. Goodwin, about 2 miles
north of Reynolds. Mr. Goodwin was
running a corn shredder with a small
steam engine and had quite a number
of hands working around the machine.
Without warning the boiler exploded.
A piece of the flying metal struck two
negro girls, Blackie by name, who
were working close together, killing
both of them instantly. Their heads
were horribly mangled. Two other
girls who were near the boiler were
painfully but not seriously scalped.

government here in the construction
of the object-lesson road and street, is
desirous of disposing of the same, and
has made the county a proposition to
purchase same. The machinery com-

is among the best made in the coun-

Noted Mail Robbers Escapes.

Tacoma, Wash., March 24.—Albert
F. Bell, one of the most noted mail
pouch robbers in the United States,
has made a successful dash for lib-
erty at the United States prison on Mc-
Neil's Island, and escaped into the
heavy woods near the prison. The
bloodhounds at the prison were im-
mediately pressed into service. Bell
is wanted in many cities in the United
States and was arrested here last April
for stealing a mail pouch at Seattle
and sentenced to two years' imprison-
ment.

Startling Mortality.

Statistics show startling mortality
from appendicitis and peritonitis. To

New Island in Japan Sea.

New York, March 24.—The new is-
land reported to have been thrown up
late in December by a volcanic dis-
turbance in the Sea of Japan, has, ac-
cording to a Times dispatch from To-
kio, been visited by inhabitants of
two islands. They found the surface
covered with volcanic tuff. The is-
land was surrounded by a belt of sand,
and there was a boiling lake near the
northern end below a peak 240 feet in
height.

Incredible Brutality.

It would have been incredible bru-
tality if Charles F. Lemberger of Syra-
cuse, N. Y., had not done the best he
could for his suffering son. "My boy,"
he says, "cut a fearful gash over his
eye, so I applied Bucklen's Arnica
Salve, which quickly healed it and
saved his eye." Good for burns and
ulcers too. Only 25c at all drug stores.

ONE FOR STETSON.

East Florida Loses to Stetson Ball Tossers—Good Game.

The heavy rain at noon did not dampen the enthusiasm of the lovers of baseball to any great extent, and when the hour arrived for the game between the Stetson University nine and the East Florida Seminary team on the diamond, there was a very complimentary crowd present to witness the contest.

The field was quite wet, and when the ball struck the grass it soon became very slippery, and it was hard to field, although the score showed a very good game.

The Seminary boys were first to bat and got a man as far as third, the Stetsons also securing a goose egg.

In the second inning the Seminary team got a run on a bad throw to the home plate, Stetson getting another zero mark.

In the third and fourth innings both teams played fast ball, and not a player got home.

The fifth inning proved a bad one for the Sems, who failed to make a run, but the boys from the South got in three on account of errors of the home team.

The Seminary boys made a rally in the sixth, scoring one and shutting out the visitors, but in the seventh the run-getting was reversed three-fold, Stetson marking up three runs on hits and clever playing. This ended the scoring, the eighth and ninth resulting in blanks for the home boys, Stetson not needing their half of the ninth.

The score by innings:

E. F. S.—0 1 0 0 0 1 0 0 0—2
Stetson.—0 0 0 0 3 0 3 0 x—6

Struck out by Harmon 8, by Pelot 8.

Double play—By Stetson, Pelot, Pounds and E. Mickle.

Umpire—Harvey Hutchinson.

Pick-Ups.

Francis did good work in right field for Stetson.

Taylor, as usual, showed up well at third. He's all right.

Harmon pitched a good game and will be in the game all the time.

Jacobie and Campbell made several star catches in the foul line during the game.

Harvey Hutchinson was fair in his decisions, and there was little fault found.

The Stetson boys are a very clever baseball aggregation, and show up well on or off the diamond.

It was painful to see the orange and black "drag" in the dust, but we hope for today.

The game scheduled for today will be called at 2:30 p. m. sharp. The boys should have a large crowd, as both teams play good ball.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

In it there is to be no smoking, no chewing of tobacco, no drinking of wine, beer, whiskey or other liquor containing alcohol, no cross words, no divorce court—in short it is designed to be a kind of earthly paradise. Guess there must be some mistake in the location. Isn't it New Jerusalem instead of New Jersey?

GAINESVILLE IN SPRING.

You hear those who are sojourning in the city making complimentary remarks about the fine appearance of Gainesville this spring, and although there is more or less rubbish where new buildings are going up and street improvements are being made, the shade of the wide-spreading oaks and the various ornamental trees that are now putting on their spring attire, make the city have the appearance of a beautiful park and cannot help but catch the eye of the casual observer.

The residences are also very attractive, nearly all of them being kept in good repair and brightened up with paint, giving the whole city an air of prosperity that you will seldom find so universal.

But there is always room for improvement, and there are many spots that will be beautified, streets built and new sidewalks added, all combining to make Gainesville one of the healthiest and pleasantest cities of the South.

Every year Gainesville will grow better, and we will never tire of singing her praises, no more than a good Methodist would of singing "Praise God from Whom All Blessings Flow."

STATE PRESS MEETING.

The twenty-sixth annual meeting of the Florida Press Association was held in Lake City this week, the sessions closing last night, and it is needless to say that they had a good time, for Secretary Appleyard would not have allowed it to be otherwise.

There were upwards of fifty members present, and Senator Gillen delivered a most cordial address of welcome, to which President McBeath responded in his usually scholarly manner. There was a complete program arranged for all the sessions, and every number was worthy of the able members of the association.

These meetings are of much interest to the fraternity, and whatever is of good to the newspapers, is also a benefit to the State, as the papers help much to build up the good of the commonwealth when capably handled.

The following officers were elected for the ensuing year: President, Geo. W. Wilson, editor of The Jacksonville Times-Union; Vice-President, C. L. Bittinger of The Ocala Star; Secretary, Thos. J. Appleyard of The Index, Lake City; Treasurer, J. W. White of The Fraternal Record, Jacksonville.

The next meeting will be held at Ocala.

The readers of this paper will be pleased to learn that there is, at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Congressman Hull has a new lot of bees in his hat when he thinks that we need a big navy to keep the Japs out of the Philippines. To base his argument for a great navy on Japan's development and exhibition of power is out of the question. That, in effect, would be to challenge a country which is on terms of sincere friendship with us. Moreover, we wish her success in her present undertaking. Her complete triumph over Russia will be more than agreeable to us. It is absurd therefore to talk about arming on the sea especially against Japan.

CATARRHAL DISEASES

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands.

Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

CHIEF AFTER THEM.

Will Hunt Down Those Turning in False Alarms and Punish Them.

"It is a disgrace to the city of Gainesville and to the party who is so low as to turn in a false alarm," remarked Chief O'Neill of the Gainesville Fire Department Friday. "There is a fine of \$50 or thirty days imprisonment for any person convicted of knowingly turning in a false alarm, and I propose in future to watch these violators of the law and prosecute them to the fullest extent."

This remark was made in connection with the false alarm turned in from Box 81 Tuesday night. The turning in of a false alarm not only irritates the department and the citizens, but in some instances proves expensive, as was proven Tuesday night, when one of the hose wagons was considerably damaged by colliding with a telephone post.

This was the second false alarm turned in from Box 81, and the third false alarm within the past three weeks. It is a dangerous practice, and The Sun gives notice that should any person be caught in the act it will be expensive fun.

Owing to the practice of turning in false alarms from this particular box, Chief O'Neill requests The Sun to state that it has become necessary to remove the keys from Box 81, and hereafter when required keys may be found at the ticket office of the Seaboard Air Line, the Electric Power Plant and the Florida Fertilizer Factory.

Forfeited Her Bond.

Mattie Parrish, a colored girl of sixteen summers, more or less, was arrested Thursday afternoon for fighting two boys, and was required to give a bond of \$5 for her appearance at the mayor's court Saturday. The mayor and officers were ready, but the defendant did not honor the court with her presence, hence the bond was forfeited.

The complaint was made by two white boys with whom the difficulty occurred, both of whom stated that the girl "crossed" a white lady and they resented it, resulting in a fight.

The Spring Poet.

A fellow who was walking along on one of the shady streets of Gainesville a few days ago, was heard to murmur: "I would not die in Spring-time And miss the turnip greens, The cooling of the little frogs And the sky-larks' early screams; When turkeys go a gobblin' And taters 'gin to sprout; When the mockin' bird is warblin', I would not then peg out."

The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and \$1. Trial bottle free.

Doig Gets Tony.

Manager George Doig of the Electric Light & Power Company is a fellow full of ambition. He is always alert to something new (even a meter), and through his energetic methods and first-class service, has managed to work up a fine service and a fine trade.

But Manager Doig is never satisfied, which is to his credit. He is continually looking for business—and is continually getting it. He is a shrewd advertiser, and in addition to his regular course a few days ago installed a magnificent illuminated sign, mention of which appeared in The Sun. Notwithstanding that the sign was one of the most attractive ever seen in the South, George was not satisfied until he installed red and blue lights in the first letters of each word. This demonstrated loyalty to his country—red, white and blue, and at the same time accomplished its purpose by making a more elaborate effect. This was Mr. Doig's own idea, and it was a good one.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles' Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the medicine until I was completely cured. I feel like a different person. In fact I have not felt so well for 20 years."

Class Fight Ends Seriously.

Gadsden, Ala., March 24.—Harry B. Clapp, of Denver, and Arthur J. Weing, of Durango, Colo., both freshmen at the state school of mines, are suffering from injuries received in a class battle which occurred between freshmen and sophomores. Clapp is unconscious from concussion of the brain and may die. Weing is injured internally, and is in a critical condition. A flag of fight beginning at 2 o'clock in the morning and continuing intermittently throughout the day, culminated in a clash on the campus at dusk. A rough and tumble fight lasting an hour and a half followed, in which a number of the students were bruised and cut.

Seven stages of womanhood

From Altar to Altar

(No. 2. Look for No. 4 next week.)

The Fireside

is the Citadel of Hope.

For all care and suffering; for all the hours of toil, the mother is repaid in the love of the beautiful young life she has nurtured and cared for.

Are all mothers wise mothers?

Do they take the twilight hours and draw out the confidence of the growing girl?

Do they warn her, study her, and instruct her?

Do they try to find the cause of the sudden gusts of temper, the headaches, and the hours of fear that are a part of the life of a growing girl?

Mothers should do these things, and where they find disease, or lack of development, they should seek the proper remedy.

G.F.P.

Gerstle's Female Panacea aids the mother in the proper care of the young woman.

It cures the diseases of womanhood and aids Nature in the proper and full development of natural functions.

Guarantee.

This guarantee authorizes any druggist to refund the purchase price of a bottle of **G. F. P.** (Gerstle's Female Panacea) to any woman who buys it and is not benefited by its use.

Mrs. Langtry a Grandmother.

London, March 24.—Mrs. Lily Langtry is now a grandmother. A son has been born to her daughter, Mrs. Ian Malcolm, wife of a well known member of parliament from Scotland. Mrs. Langtry and her daughter have been estranged ever since the latter's marriage. It is thought that the advent of the baby may result in a reconciliation, although the general belief is that the family difficulties are due to radical differences of opinion between the actress and her straight-laced son-in-law.

Six Men Drowned in Monongahela.

Charleroi, Pa., March 24.—During a heavy fog today William Higgins, a ferryman at Lock No. 4, attempted to row five men across the Monongahela river in a skiff. When in midstream the ferryman lost his way and the boat was carried over the dam and all were lost.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

THE DEATH DICE.

A Strange Story That Comes From the Seventeenth Century.

A notable exhibit in the Berlin Hohenzollern museum consists of the famous "death dice." About the middle of the seventeenth century a beautiful young girl was murdered, and suspicion fell on two soldiers, Ralph and Alfred, who were rival suitors for her hand. As both prisoners denied their guilt and even torture failed to extract a confession from either Prince Frederick William, the Kaiser's ancestor, decided to cut the Gordian knot with the dice box. The two soldiers should throw for their lives, the loser to be executed as the murderer. The event was celebrated with great pomp and solemnity, and the prince himself assisted at this appeal to divine intervention, as it was considered by everybody, including the accused themselves.

Ralph was given the first throw, and he drew sixes, the highest possible number, and no doubt felt jubilant. The dice box was then given to Alfred, who fell on his knees and prayed aloud: "Almighty God, thou knowest I am innocent. Protect me, I beseech thee!" Rising to his feet, he threw the dice with such force that one of them broke in two. The unbroken one showed six, the broken one also showed six on the larger portion, and the bit that had been split off showed one, giving a total of thirteen, or one more than the throw of Ralph. The whole audience thrilled with astonishment, while the prince exclaimed, "God has spoken!" Ralph, regarding the miracle as a sign from heaven, confessed his guilt and was sentenced to death. It is probable that Alfred ever after did not number himself among those who look upon thirteen as an unlucky number.—London Tatler.

A FATEFUL DREAM.

Death Came Precisely as It Had Been Foretold in Slumber.

A strange family story is told in the "Reminiscences of Mrs. Pickering." It has to do with her sister Jane, married to Lord Andover, eldest son of the Earl of Suffolk.

"She (Lady Andover) had always been noted for having the most remarkable dreams, and one morning she awoke feeling nervous and uncomfortable, having dreamed that Lord Andover had gone out shooting when there was a batue and had been shot. This made such an impression on her mind that she entreated him not to shoot that day, but to stay with her, which he at once consented to do, and they resumed their painting and reading. But the day came out so fine and the winter sun shone so brightly that my aunt, feeling she had been selfish, at last begged him not to lose the day for her sake, but to go out and join the others, so he went. After he had gone she became so restless and uneasy that she started to walk across the park to the covert where they were shooting. As she crossed the park she observed one of the grooms galloping hard toward the house on her own favorite horse, Baronet. Strange to say, no presentiment of evil seems at that moment to have struck her, and she only remarked, 'How very angry Lord Andover would be if he could see that man riding my horse in such a way.' He was riding to the house with the news that Lord Andover had been shot dead by one of the keepers."

Greensboro, N. C., March 24.—Three hundred guests, including Republicans of prominence from all parts of this and other states, attended the banquet of the Tar Heel club here last night, at which Vice President Fairbanks and Revere Commissioner Yerkes were the principal guests of honor.

On calling the meeting to order, the master, Hon. E. Spencer Blackburn, read a telegram of regret from Postmaster General Cortelyou, regretting that he could not be present. The Postmaster then delivered a short address, in which he congratulated the Republicans of the state upon the elimination of the race issue and the dawning of a better political day in this section.

SECOND CHARGE OF PEONAGE.

Alabama Has Been Arrested Again for Serious Offense.

Montgomery, Ala., March 24.—John W. Pace, of Tallapoosa county, has been again charged with holding negroes in peonage and was today cited to appear before the United States district court in Montgomery on March 25.

Pace was two years ago convicted of this charge and sentenced to five years' confinement. His appeal in this case is still pending.

District Attorney Reese has filed with Judge Jones a petition for writ of habeas corpus, directing Pace to bring Arthur Lewis and Q. T. Lewis, two negro boys, into the United States court and to show why they were restrained of their liberty. Judge Jones granted the writ.

Three Hundred Girls Strike.

Beaver Falls, W. Va., March 24.—Three hundred girls employed at Behr Bros' overalls factory at this place, struck recently because they were asked to work for less money. Last night a crowd of 15 girls, ranging in age from 11 to 24 years, assembled on the Tenth street bridge which connects New Brighton with this place, and layd out two New Brighton girls who have been filling the strikers' positions. The two girls put up a stiff fight, but they were soon overpowered and badly beaten. Their hats, coats and lunch baskets were thrown into the river. The police arrived too late.

Thirty-One Injured in Wreck.

Lincoln, Neb., March 24.—Burlington Train No. 49, coming from Grand Island to Lincoln, was wrecked in West Lincoln today and 31 persons or more were injured, none fatally. The smoking car did not leave the track.

Uprising Under Control.

Manila, March 24.—General Allen, of the constabulary in command of the federal troops in the island of Samar, reports that the uprising among the Palajanes is now under control and that the majority of the regular troops will be withdrawn. Members of Israel's Lost Tribe.

New York, March 24.—A picturesque party of men, women and children, 53 in number, members of a religious sect who proclaim themselves descendants of the lost tribes of Israel, arrived here today on the steamer Prinzess Irene. They come from Australia and are bound for Benton Harbor, Mich., where they say 400 members of the sect already are established. They call themselves children of Israel, and are vegetarians. The men wear long hair and beards. They profess to believe in the saving of the mortal body as well as the soul.

The Gods of Japan.

Japan numbers in its pantheon as many as 80,000,000 gods. All those who have deserved well of their country, from Kobo Daishi, who gave learning its handle (writing), to Hirose, who was blown to pieces in his ship in the jaws of Port Arthur only the other day, are canonized into gods, like the saints of Europe, by the mikados. One of these gods in good standing is or was an Englishman. His name was Will Adams, and he was wrecked on the shores of Japan at the close of the Elizabethan century. He is a god because he built for Japan her first seaworthy navy.

Scotch Stories.

It was late in the afternoon when the Scotch minister arrived at the farmhouse. The housewife suggested that perhaps he would like a cup of tea before engaging in "exercises." "Na, na," said he, "I aye tak' my tea better when my work is done. I'll just be gaun on. Ye can hing the pan on and leave the door ajar, an' I'll draw to a close in the prayer when I hear the ham fizin'."

Another woman of Scotland when asked if she had understood the sermon to which she had just been listening replied, "Wad I hae the presumption?"

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

You May Be Cured

544 Garfield Avenue, CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley

Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. If you think special directions are needed in your case, address, giving symptoms, Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

Lexington, Tenn., June 5, 1901.
This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.
Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 639, St. Louis, Mo. Send for testimonials. Sold by all druggists.

The reason that Easter Sunday is so late this year is because Easter is the Sunday following the first full moon after the vernal equinox, which this year fell on March 21 shortly after 2 a. m. The equinox following a day later than last year missed the full moon of the March 20 by about two hours, thus throwing Easter back until the Sunday following the full moon of April 19, or 20 days later than last year, Easter this year falling on April 23.

A good idea.
